

Emanuel Madrigal Guzman

Software Engineering Student | Software Engineering Intern

Tel: 7036-2704

madrigalduzmanemanuel990@gmail.com

Grecia, Costa Rica

PROFESSIONAL PROFILE

Active third-year Software Engineering student at Universidad Tecnica Nacional, currently in the fifth block of the study plan. Skilled in software development, database management and process automation. Known for attention to detail, strong organizational skills and a continuous learning mindset. Seeking to apply my technical knowledge in a professional environment while contributing to the team and growing as a developer.

EDUCATION

Software Engineering

2023 - Present

Universidad Tecnica Nacional | 3rd Year, 5th Block

TECHNICAL SKILLS

Programming Languages Java | C# | Python

Databases SQL | MySQL

Office Tools Microsoft Office (Word, Excel, PowerPoint)

Languages Spanish (native) | English (B1)

Soft Skills Organization | Attention to detail | Teamwork | Fast learner

ACADEMIC PROJECTS

Store Inventory Control System

C# / SQL

Store management application developed in C# with SQL Server. Features product registration, sales processing and automatic real-time stock control with inventory deductions.

Bank ATM Simulation System

Java / Local Files (scalable to SQL)

ATM simulation developed in Java with user authentication, balance inquiry, withdrawals and deposits modules. Built with local file storage and architecture ready to migrate to a SQL database.

BMW Car Sales Management System

Java / Local Files (scalable to SQL)

Vehicle buying and selling platform developed in Java with car catalog, model selection, customer management and transaction records. Designed to scale to a relational database.

Bus Ticket Management System

C# / SQL

Bus transportation management system developed in C# with SQL Server. Includes route administration, scheduling, unit assignment and a user query interface with an administration panel.

COURSES & CERTIFICATIONS

- Python Essentials 1 — Cisco Networking Academy
- Introduction to Data Science — Cisco Networking Academy
- Artificial Intelligence and Machine Learning Concepts — Cisco Networking Academy
- Network Addressing and Basic Troubleshooting — Cisco Networking Academy

ADDITIONAL INFORMATION

- Available for internship in hybrid work mode
- Night-shift student with daytime availability
- Active student insurance policy issued by Universidad Tecnica Nacional
