

Emanuel Madrigal Guzmán
Junior Software Developer | Software Engineering Student
Grecia, Costa Rica | +506 7036-2704 | madrigalduzmanemanuel990@gmail.com

Professional Profile

Third-year Software Engineering student at Universidad Técnica Nacional, with hands-on training in application development, object-oriented programming, databases, and automation. Academic experience building solutions with C#, Java, Python, and SQL. Looking to join a Junior position to apply my knowledge, learn new technologies, and grow within a development team.

Technical Skills

Languages: C#, Java, Python Databases: SQL Server, MySQL
Development: .NET Framework 4.8, Windows Forms, OOP, N-Layer Architecture, CRUD
Tools: Visual Studio 2022, NetBeans, Git, GitHub/GitLab, Log4Net, QuestPDF
Other: APIs, JSON, Stored Procedures, Microsoft Office
Languages Spoken: Spanish (native), English (B1)

Academic Projects

FoodMaster – Sales and Inventory Management System *C# / SQL Server*

- Individually developed an application to manage customers, products, sales, inventory, reports, and role-based security.
- Implemented N-Layer architecture, OOP, DTOs, interfaces, Factory pattern, CRUD, and stored procedures.
- Integrated APIs for data lookups and exchange rates; generated PDF invoices with QR code and digital signature, email delivery, and XML generation/storage.
- Built stock validation, automatic inventory deduction, transaction handling, logging with Log4Net, and reports with QuestPDF/Charts.

Bank ATM Simulation System *Java / Local Files*

- ATM simulation with authentication, balance inquiry, withdrawals, and deposits.

BMW Car Sales Management System *Java / Local Files*

- Platform with a vehicle catalog, feature selection, and customer management, designed for future migration to a relational database.

Bus Management System *C# / SQL Server*

- System to manage routes, schedules, and unit assignments using C# and SQL.

Education

Software Engineering *2023 – Present*
Universidad Técnica Nacional (UTN) | Third year, fifth block

Courses and Certifications

Python Essentials 1; Introduction to Data Science; Artificial Intelligence and Machine Learning Concepts; Network Addressing and Basic Troubleshooting — *Cisco Networking Academy*

Core Competencies

Problem Solving | Attention to Detail | Teamwork | Organization | Continuous Learning | Adaptability

Additional Information

Available for on-site or hybrid work. Currently studying in the evening schedule, with daytime availability. Eager to learn new technologies, processes, and methodologies.
